*Tenth Annual Report*  
OF THE  
**Board of Public Utility Commissioners**  
OF THE  
Province of Alberta, 1925

---

TO THE HONOURABLE J. E. BROWNLEE,  
*Chairman of the Executive Council of Alberta,*  
EDMONTON, ALBERTA.

SIR,—

The Board of Public Utility Commissioners has the honour to submit its tenth Annual Report which covers the twelve months ending December 31st, 1925.

*Public Utilities:*

No matters of outstanding importance in connection with public utilities came before the Board for decision during the year just elapsed, although the usual number of miscellaneous applications were disposed of. Following the settlement of a dispute which arose between the City of Calgary and the Canadian Western Natural Gas, Light, Heat & Power Company, Limited, in connection with the construction of a new pipe line from the Turner Valley into the City of Calgary, a consent Order, in connection with this Company and the City of Calgary was issued whereby the net rate chargeable for gas in that City was reduced from 48c to 43c per thousand cubic feet. A further Order, bringing into effect this reduced rate in the other municipalities served by the Company's system, was issued upon consent of the Company. As the time during which this rate is effective expires on October 31st, 1926, an application dealing with the fixing of new rates will, no doubt, come before the Board this coming year. The three year period covered by the Board's Order dealing with the rates chargeable by Northwestern Utilities, Limited, for natural gas in the City of Edmonton, also expires about the same time.

During the year covered by this Report, the Board was requested by the Lieutenant Governor in Council to investigate the question of the franchise of the Western General Electric Company, Limited, at Red Deer and a Report was made to the Lieutenant Governor in Council in this connection. A further reference to the Board in an endeavor to bring the City of Red Deer and the Company together, resulted in an agreement between the parties whereby the City agreed to purchase certain stated assets of the Company at the price to be arrived at by the Board and in pursuance of such agreement the Board made a valuation of the Company's assets covered by the arbitration agreement. The Board's finding was accepted by the parties and the necessary bylaw covering the amount required to purchase the plant and certain other assets of the Company was submitted to the ratepayers of the City of Red Deer and approved of by them.

### *Municipal Borrowings:*

While the total amount of the debenture issues of the various cities in the Province have been considerably greater for the year just ended than for the previous year, by far the greater part of this amount is made up of refunding debentures, particularly those in connection with the refunding of the short term loans of the City of Edmonton. New capital expenditure during this period was much less than it was for the year preceding.

Debenture issues of towns and villages for the period in question exceeded to some extent those of the preceding year, while a considerable increase is to be seen in the borrowing of school districts. However, while the number of these applications was considerably greater than in the previous year, the increase in the amount of the borrowings has been mainly caused by the construction of new schools in Calgary and Edmonton. Rural borrowings have shown little increase over the previous year.

### *Municipal Finances:*

No additional urban municipalities came within the Board's jurisdiction under the Municipal Finances part of *The Public Utilities Act* during the year 1925. Applications for further relief were received from the Town of Bassano and the Town of Beverly. A number of applications by holders of school debentures were received and either have been or are in the course of being dealt with.

Following the recommendation of the Board, and with the approval of the debenture holders, the whole of the debenture liability of the Town of Macleod, after a cash payment to the debenture holders of twenty per cent. of the debenture indebtedness, was refunded over a long period, with a readjustment of interest. The solution of the financial troubles of the Town of Tofield was found in the refunding of all debenture liability of the Town and of the School District over an extended period. The debenture liability of the Wrentham Consolidated School District was similarly dealt with. Final recommendations dealing with the Towns of Bassano, Redcliff and Taber were, at the close of the year covered by this Report, in the hands of the Debenture Holders' Committee.

On December 31st, 1925, fifteen local authorities were under the supervision of the Board and were by virtue of the provisions of Part IV of *The Public Utilities Act*, required to submit their annual programmes of revenue and expenditure to the Board for approval.

Numerous informal inquiries by holders of debentures of local authorities were received by the Board during the course of the year and dealt with. A summary of the Board's work in this connection appears in the following pages.

### *Applications relating to subdivision plans:*

One hundred and sixty-nine Orders cancelling in whole or in part subdivision plans were issued during the year. Many applications incidental to the cancelling of these plans were also dealt with.

### *Sale of Shares Act:*

Applications for Certificates under *The Sale of Shares Act* during the year in question, were almost entirely confined to companies incorporated under the *Provincial Companies Act*. As pointed out in last year's Report, promoters who fear that their promotions will not stand the scrutiny of the Board, now obtain Dominion Charters in the first instance, and are then free of any

restriction in the way of selling shares to the public. There is practically no check whatever upon the operations of these companies.

Summaries of all matters dealt with by the Board during the year, appear in the following pages.

Respectfully submitted,

(Signed) A. A. CARPENTER,  
*Chairman.*

Order No. 3522. File No. 2551.

FRIDAY. THE TWENTY-THIRD DAY OF OCTOBER, A.D. 1925.

Before:

The Board of Public Utility  
Commissioners for the  
Province of Alberta.

IN THE MATTER OF "*The Public Utilities  
Act, 1923*":

AND IN THE MATTER OF Orders Nos.  
2771 and 1776 of this Board.

WHEREAS this Board did, by its Order No. 1776, made on the thirtieth day of November, 1921, order that the Canadian Western Natural Gas, Light, Heat & Power Company, Limited, should augment its supply of gas conveyed to and distributed within the City of Calgary, and did by the said Order fix a rate that the said Company might charge the users of natural gas within the City of Calgary;

AND WHEREAS by its Order No. 2771, this Board did, subject to the fulfilment of certain conditions, with the consent of the Canadian Western Natural Gas, Light, Heat & Power Company, Limited, and the City of Calgary, direct that its Order No. 1776, made on the thirtieth day of November, A.D. 1921, in so far as the same applies to the rates to be charged by the Canadian Western Natural Gas, Light, Heat & Power Company Limited, for natural gas sold in the City of Calgary for domestic purposes, should be continued for a further period of two years from the first day of November, 1924;

AND WHEREAS disputes have arisen between the City of Calgary and the Canadian Western Natural Gas, Light, Heat & Power Company, Limited;

AND WHEREAS there has been filed with the Board, a copy of a memorandum of settlement, dated October 5th, A.D. 1925, and a copy of a report of the City Commissioners to the Council of the City of Calgary, dated October 6th, 1925, and adopted by the Council of the City of Calgary on the eighth day of October, A.D. 1925;

AND WHEREAS the Canadian Western Natural Gas, Light, Heat & Power Company, Limited, and the City of Calgary have consented to a variation of the said Order of the Board No. 2771—

NOW THEREFORE upon reading the material filed and the consents of the City of Calgary and the Canadian Western Natural Gas, Light, Heat & Power Company, Limited, THIS BOARD DOTH ORDER;

- (1) From and after and including the date of the November meter readings A.D. 1925, until the 31st day of October, A.D. 1926, and subject to the availability of gas from Royalite Wells Nos. 4, 5 and 6 or any of them in the Turner Valley Field, the maximum rate that may be charged for gas in the City of Calgary by the Canadian Western Natural Gas, Light, Heat & Power Company, Limited, shall be;

	Gross	Net
Up to first 200,000 cu. ft. per month.....	48c	43c
Next 250,000 cu. ft. per month.....	45c	40c
Next 550,000 cu. ft. per month.....	40c	35c
All over 1,000,000 cu. ft. per month.....	35c	30c
Minimum charge of \$1.00 per month.		

From each gross rate there shall be deducted a discount of 5c for each 1,000 cubic feet if bills are paid within ten days from the date the account is mailed. If Royalite Wells Nos. 5 and 6 now being drilled, or either of them, produce gas in commercial quantities, the Company shall be at liberty to apply to the Board for an Order allowing a further reduction in the rate for monthly consumptions in excess of 1,000,000 cubic feet.

- (2) All gas supplied from the Turner Valley Field, shall be scrubbed and made free from odor.
- (3) No gas for other than household purposes shall be used until the supply for household purposes is altogether adequate.
- (4) The Company shall submit to the Board for examination and review all contracts and agreements made by the Company or Gas Production and Transportation, Limited, and all contracts that the Company may hereafter desire to make, all relating to supply and transportation of natural gas, and the City reserves whatever rights it may have to object at any time to all or any of their terms.
- (5) The new ten inch (10") pipe line from Turner Valley field to the City of Calgary shall be acquired, owned and operated by the Canadian Western Natural Gas, Light, Heat & Power Company, Limited, as an integral part of their system.

BOARD OF PUBLIC UTILITY COMMISSIONERS,

Order No. 3540A. File No. P. U. 3150.

MONDAY, THE NINTH DAY OF NOVEMBER, A.D. 1925.

Before:

The Board of Public Utility  
Commissioners for the  
Province of Alberta.

IN THE MATTER OF "*The Public Utilities  
Act, 1923*":

AND IN THE MATTER OF Order No.  
3182 of this Board.

WHEREAS the Board of Public Utility Commissioners did by its Order No. 1776 made on the 30th day of November, 1921, order that the Canadian Western Natural Gas, Light, Heat & Power Company Limited, should augment its supply of gas conveyed to and distributed within the City of Calgary, and did, by the said Order, fix a rate that the said Company might charge the users of natural gas within the City of Calgary;

AND WHEREAS by its Order No. 2771 this Board did, subject to the fulfilment of certain conditions, with the consent of the Canadian Western Natural Gas, Light, Heat & Power Company, Limited, and the City of Calgary, direct that its Order No. 1776 made on the 30th day of November, 1921, in so far as same applies to the rates to be charged by the Canadian Western Natural Gas, Light, Heat & Power Company Limited, for natural gas sold in the City of Calgary for domestic purposes, should be continued for a further period of two years from the first day of November, 1924;

AND WHEREAS this Board did by Order No. 3182 vary the rates chargeable by the said Company in the various municipalities served by the said Company and situated along the line of the Company's pipe line from the Bow Island gas field to the City of Calgary, which Order was dated the 22nd day of December, 1924;

AND WHEREAS disputes have arisen between the City of Calgary and the Canadian Western Natural Gas, Light, Heat & Power Company, Limited;

AND WHEREAS there has been filed with the Board a copy of a Memorandum of Settlement dated October 5th, A.D. 1925, and a copy of a Report of the City Commissioners to the Council of the City of Calgary dated October 6th, 1925, and adopted by the Council of the City of Calgary on the 8th day of October, 1925;

AND WHEREAS, in accordance with the said Memorandum of Settlement, the Canadian Western Natural Gas, Light, Heat & Power Company Limited, brought into effect, in accordance with the Order of this Board No. 3522, from and after and including the date of the November meter readings, A.D. 1925, and until the 31st day of October, A.D. 1926, and subject to the availability of gas from Royalite Wells Nos. 4, 5 and 6, or any of them in the Turner Valley field, the following schedule of rates to be chargeable in the City of Calgary, namely;

	Gross	Net
For the first 200,000 cu. ft. of gas per month..	48c	43c
For the next 250,000 cu. ft. of gas per month..	45c	40c
For the next 550,000 cu. ft. of gas per month..	40c	35c
For all over 1,000,000 cu. ft. of gas per month..	35c	30c
With a minimum charge of \$1.00 per month.		

AND WHEREAS the Canadian Western Natural Gas, Light, Heat & Power Company, Limited, has consented to make the rates chargeable in the City of Calgary under the said Memorandum of Settlement, applicable to all the other municipalities served by the Company's main pipe line and situated between the Bow Island and Foremost gas fields and the City of Calgary;

NOW, THEREFORE, upon reading the material filed, this Board does ORDER:

(1) That from and after and including the November readings, A.D. 1925, until the 31st day of October, A.D. 1926, and subject to the availability of gas from Royalite Wells Nos. 4, 5 and 6 or any of them in the Turner Valley field, the maximum rate that may be charged for gas in the said municipalities by the Canadian Western Natural Gas, Light, Heat and Power Company, Limited, shall be:

	<i>Gross</i>	<i>Net</i>
For the first 200,000 cubic ft. of gas per month	48c	43c
For the next 250,000 cubic ft. of gas per month	45c	40c
For the next 550,000 cubic ft. of gas per month	40c	35c
For all over 1,000,000 cubic ft. of gas per month	35c	30c
With a minimum charge of \$1.00 per month.		

From each gross rate there shall be deducted a discount of 5c for each 1000 cubic feet if bills are paid within ten (10) days from the date the account is mailed.

(2) All gas supplied from the Turner Valley field shall be scrubbed and made free from odor.

IN THE MATTER OF *THE MUNICIPAL HOSPITALS ACT*  
and

AND IN THE MATTER OF an appeal by certain ratepayers in the Municipal District of Ukraina No. 513, against the apportionment of expenditure made by the Mannville Municipal Hospital District No. 1 against that portion of the Municipal District of Ukraina situated within the boundaries of the said Municipal Hospital District.

This is an appeal, under the provisions of Section 29 of *The Municipal Hospitals Act*, by certain of the ratepayers living within that part of the Municipal District of Ukraina that is included within the Municipal Hospital District of Mannville No. 1, against the 1925 apportionment. The 1925 apportionment adopted by the Municipal Hospital Board follows in the main the apportionment set out in the original scheme as ratified by the ratepayers, and the same apportionment as was made in 1925, was adopted in the years 1923 and 1924. There was a manifestly clerical error in the scheme as originally advertised, the amount apportioned to the Village of Mannville, based on a three mill rate and on an assessment of \$50,000.00, being set at \$1,500.00 instead of \$150.00. This error was apparently rectified, but the \$150.00 apportioned to the Village of Mannville was in a subsequent year increased to \$210.00, without protest on the part of the Village, and has so remained the last few years. The only other change made so far as the original apportionment or allotment is concerned, is in the amount apportioned to the Municipal District of Melberta. In the original scheme the apportionment of the expenditure amongst the rural units was based on a rate of 3c per acre and the acreage in this unit was given in the scheme as advertised, at 132,000 acres. It is stated by the Secretary of the Hospital District that the copy of the scheme he has on his file shows this acreage is estimated at 120,000 acres, but the amount based on a rate of 3c per acre was carried out as \$3,960.00, which would give the acreage as 132,000 acres. An adjustment was made of this apparent error and a levy of \$3,600.00 in place of \$3,960.00 was made against this unit. Actually the annual statement of this Municipal District shows the acreage of the area of the Hospital District situated in the Municipal District of Melberta as 114,973 acres.

In the years immediately following the establishment of the Hospital District and of the Hospital, changes were made in the amounts demanded from the various units, but it may be said that, with the exceptions just noted, the apportionment has strictly followed that set out in the original scheme from the year 1922 on.

The appeal of the unit in question really constitutes a request to the Board on the part of the Appellants that the Board make a new apportionment of the amounts required from the rural units, by so fixing the amount each rural unit is called upon to pay that it will result in the levy of a uniform mill rate throughout the Municipal District. If the Board had a general jurisdiction over the apportionment in these hospital districts, the request would not appear unreasonable. However, a perusal of Section 29 already referred to, shows that this Board only derives its jurisdiction over these apportionments when the Hospital Board has departed from the basis of apportionment laid down in the original scheme. As pointed out, the present apportionment, so far as the rural units are concerned, practically conforms to the scheme as originally ratified and as a consequence, this Board is not prepared to assume jurisdiction. In view of this decision it does not seem necessary to discuss the provisions in Section 29, relating only to those hospital districts formed under the 1918 Act, and the effect of which is by no means clear.

It may be added that even if an adjustment were made along the lines suggested, the actual change in the various apportionments would not be great. In 1923 the hospital rate for the Ukraina unit was three mills, but the levy upon this basis was considerably greater than the amount required. Last year the hospital rate in this unit was fixed at two mills, the levy being less than the amount requisitioned. If the rural units were put on a uniform tax rate it would require a rate somewhat less than two and one-third mills to give the amount required by the Hospital Board and it would be found that the Municipal District of Melberta would have its levy increased possibly some ten per cent, while the levy for the Municipal District of Ukraina would be decreased in the same proportion and the levy in the Municipal District of Buffalo Coulee would be decreased approximately five per cent.

For the reasons already given, the Board is of the opinion that this appeal must be dismissed and the Board will, therefore, dismiss the appeal and confirm the present apportionment.

RELIEF IN RESPECT OF *The Tax Recovery Act, 1919*, UNDER SECTION  
142c OF *The Public Utilities Act, 1923*.

Order of the Lieutenant Governor in Council to the Board, in accordance with the provisions of Section 142c of *The Public Utilities Act*, directing the Board to inquire into the circumstances connected with the sale, under *The Tax Recovery Act, 1919*, of certain lands of John A. Anderson, and being the North-East and the South-East quarters of Section 3, and the South-East quarter of Section 10, Township 9, Range 28, West of the Fourth Meridian, and directing the Board to give such relief as might seem to it proper, subject to the limitations of Section 142c aforesaid.

Hearing at Macleod on October 19, 1925.

Ordered that the Registrar for the South Alberta Land Registration District, upon production to him of the receipt of the Manager of the Canadian Bank of Commerce at Macleod for the sums of \$964.87, \$368.28 and \$258.33, the amounts respectively found by the Board to be due to the tax sale purchaser and the two subsequent purchasers, do issue a Certificate of Title covering the land in question in the name of John A.
